

Thank you for choosing Fapon Biotech as your trustworthy partner.

It has been an unprecedented time in 2020. The COVID-19 pandemic has highlighted the importance of the IVD industry in bringing accurate and fast tests to aid the disease control and patient management.

Your trust and cooperation enable us to join the fight of COVID-19 in many places of the world, to protect lives and shape a better future.

In return, our R&D team take pressures and urgency into innovation. They not only brought in **new products for COVID-19** constantly, but also added **numerous new products to the immunoassay product collection**.

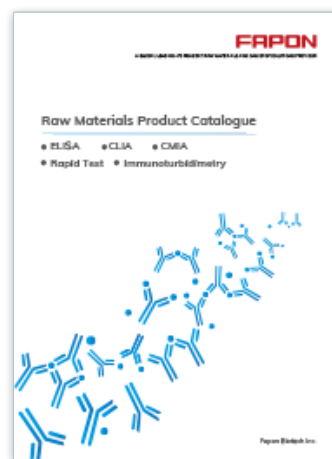

Now we had completed adding all NEW PRODUCTS to the company's catalogues, welcome to browse over and contact us if you need any further information.
